

NOAA Teacher at Sea Evaluation

Congratulations on completing your NOAA Teacher at Sea research cruise! Please take some time and complete the following evaluation. We appreciate your candid response and will use your suggestions to make the program even better. Once you complete the application, please save it with a NEW file name and also print a copy just in case there is a problem with transmission. Send the form to Jennifer Hammond at jennifer.hammond@noaa.gov or fax it to 301-713-1541.

Name:		Date:	
Ship:		Date of Cruise:	
Type of Research:			

What did you like most about the program?

What did you like least about the program?

What would you change about your responsibilities while on the ship?

What would you change about your requirements (lessons, report, and article)?

What should be done to connect more with your students?

What should be done to connect more with other teachers?

What could be done to help encourage administrators to be supportive?

What could be done to help encourage teachers in your school to be supportive?

What could be done to help substitutes?

How did the computer equipment work and what else did you need?

What should we know about the ship's operations that would help other teachers?

What should we know about scientists/research that would help other teachers?

Would you recommend this program to other teachers and why?

Would you like to participate in another cruise and are you interested in other NOAA opportunities?

Other comments or recommendations?

After we review your evaluation, we may contact you to discuss your responses. Please fill in the following information:
